

ni-msme - the premier Institute

ni-msme, the pioneer institute in the field of MSME is playing a major role in providing pro-business environment to foster the progress of MSME towards success and prosperity. The raison d'être of this Institute is to assist the Government in formulating policies for micro, small and medium enterprises and to help the practising and potential entrepreneurs through a host of services like training, research, consultancy, information, education and extension.

Set up in 1962, **ni-msme** has made valuable contributions by creating an impressive record of achievements beyond the Indian shores, enabling other developing countries to get the benefit of the Institute's facilities and expertise.

Located in a sprawling and enthralling campus amidst a rich natural setting, **ni-msme** is well equipped with both physical and academic infrastructure. In keeping with the changing times and technological changes, the Institute has updated its style of functioning by focusing on the use of IT in every aspect of its activities, but at the same time retaining the wisdom and advantages of deeply ingrained traditional practices.

The core activities are being implemented through four Schools of Excellence, viz., School of Enterprise Development (SED), School of Enterprise Management (SEM), School of Entrepreneurship & Extension (SEE) and School of Enterprise Information & Communication (SEIC) as well as theme focused Centres like National Resource Centre for Cluster Development (NRCD), Intellectual Property Facilitation centre (IPFC), Resource Centre for Traditional Paintings (RCTP) and goods & Services Tax Centre (GSTC).

The Institute stores and supplies information that helps make a successful entrepreneur who is well versed in the intricacies of business and can participate in business activities intelligently and diligently through its Small Enterprises National Documentation Centre (SENDOC) and knowledge portal www.msmeinfo.in. Livelihood Business Incubator (LBI) established in 2016 under the Scheme of ASPIRE of Ministry of MSME for creating a favorable ecosystem for entrepreneurial development in the country.

The Institute has trained 4, 94, 928 participants by organizing 14, 826 programmes which includes prospective/existing entrepreneurs and officials from various Ministries of Govt. of India and State Governments till 2016-17. The Institute is implementing ITEC Scheme of Ministry of External Affairs, Govt. of India since 1967 and trained 9, 817 International Executives from 142 developing countries till March 2018. The Institute has also undertaken 938 research and consultancy projects.

The management of the Institute rests with the Governing Council appointed by the Government of India. The governing body acts through the resident Director. The present Director is Dr. Sanjeev Chaturvedi.

Faculty Development Programme (FDP) in Agro and Food Entrepreneurship Development (27 - 31 Aug 2018)

INTRODUCTION

Micro, Small and Medium Enterprises (MSME) sector has emerged as a highly vibrant and dynamic sector of the Indian economy over the last five decades. MSMEs not only play crucial role in providing large employment opportunities at comparatively lower capital cost than large industries but also help in industrialization of rural & backward areas, thereby, reducing regional imbalances, assuring more equitable distribution of national income and wealth. MSMEs are complementary to large industries as ancillary units and this sector contributes enormously to the socio-economic development of the country. Development of the rural economy has been one of the prime concerns for Government of India. Accordingly, efforts have been made on a continuous basis for improving the economic and social well-being of people in rural areas on a sustainable basis. Despite the sincere efforts, the problems of poverty, unemployment, drudgery and migration still exist in rural economy. There is a need to address these problems by creating employment opportunities in the rural areas and this could be done by setting up of small enterprises in the Agro- based industry sector more so as nearly 56 % of the population is still dependent on agriculture. There is ample scope for innovation, value addition and entrepreneurship development in this sector. This is possible chiefly by skill up-gradation, mentoring, and training.

PADAGOGY

- The training methodology includes case studies, group discussion, games and simulation exercise, field visits and classroom lectures.
