**Five-day Workshop on
Object oriented programming, design & concepts
(18th – 20th July 2018)**

An object contains encapsulated data and procedures grouped together to represent an entity. The 'object interface' defines how the object can be interacted with. An object-oriented program is described by the interaction of these objects. Object-oriented design is the discipline of defining the objects and their interactions to solve a problem that was identified and documented during object-oriented analysis.

What follows is a description of the class-based subset of object-oriented design, which does not include object prototype-based approaches where objects are not typically obtained by instantiating classes but by cloning other (prototype) objects. Object-oriented design is a method of design encompassing the process of object-oriented decomposition and a notation for depicting both logical and physical as well as state and dynamic models of the system under design.

Object-oriented programming (OOP) is a programming paradigm based on the concept of "objects", which may contain data, in the form of fields, often known as *attributes*; and code, in the form of procedures, often known as *methods*. A feature of objects is that an object's procedures can access and often modify the data fields of the object with which they are associated (objects have a notion of "this" or "self"). In OOP, computer programs are designed by making them out of objects that interact with one another. There is significant diversity of OOP languages, but the most popular ones are class-based, meaning that objects are instances of classes, which typically also determine their type.

The five basic concepts of object-oriented design are the implementation level features that are built into the programming language. These features are often referred to by these common names: object/class, information hiding, inheritance, interface, and polymorphism.

Objectives

The programme is designed to enable participants:

- How to install and run C++
- Understand how to program in C++.
- To make use of various object oriented concepts like inheritance, polymorphism, encapsulation etc.
- Learn various programming constructs in C++.

Contents

- Overview
- Environement setup
- Basic syntax

- Variable types
- Basic operators
- Decision making
- Loop types
- Functions
- Strings
- References
- Inheritance
- Overloading
- Polymorphism
- Abstraction
- Encapsulation
- Interfaces

For whom: This programme is for computer science students, professionals, targeted towards both a novice as well as experienced programmers

Duration & Venue: 3 days at ni-msme, Hyderabad.

Fee: Rs.7500(residential)/ Rs.6000(non-residential) per participant. The fee covers cost of tuition, reading material, Lunch and refreshments. It does not cover travel costs of participants. Fee should be paid in advance by way of demand draft or cash drawn in favour of the **CAO, ni-msme, Yousufguda, Hyderabad – 500 045**. Fee once paid shall not be refunded. However, a substitute may be allowed.

Joining Instructions

Accepted nominees are requested to reach **ni-msme** an Hour in advance of the commencement of the programme time e.g. 9.00am for the registration purpose. During the programme participants are advised to keep themselves free from all official and personal commitments. **Participants are also advised to keep their cell phone in silent mode during class room sessions.**

ni-msme - the premier Institute

ni-msme, the pioneer institute in the field of MSME is playing a major role in providing pro-business environment to foster the progress of MSME towards success and prosperity. The raison d'être of this Institute is to assist the Government in formulating policies for micro, small and medium enterprises and to help the practising and potential entrepreneurs through a host of services like training, research, consultancy, information, education and extension. The Institute is a training ground for senior technocrats, bureaucrats and bankers who come here to gain expertise and knowledge in order to equip themselves with latest practices and streamline their operations.

Set up in 1960, **ni-msme** has made valuable contributions by creating an impressive record of achievements beyond the Indian shores, enabling other developing countries to get the benefit of the Institute's facilities and expertise. **ni-msme**'s activities are changing from time to time to meet the needs of enterprises in the context of globalisation.

Located in a sprawling and enthralling campus amidst a rich natural setting, **ni-msme** is well equipped with both physical and academic infrastructure. In keeping with the changing times and technological changes, the Institute has updated its style of functioning by focusing on the use of IT in every aspect of its activities, but at the same time retaining the wisdom and advantages of deeply ingrained traditional practices.

The Institute stores and supplies information that helps make a successful entrepreneur who is well versed in the intricacies of business and can participate in business activities intelligently and diligently through its SENDOC.

ni-msme has made many significant contributions towards enterprise promotion both nationally and internationally. **ni-msme**'s outstanding contributions for the last five years include Faculty Development Programmes for DST (2009), EDPs in Food Processing (2010), Programmes for the officials of the Department of Employment and Self Employment, Govt. of Maharashtra (2010), Programmes on MSME Promotion for the DC-MSME Officials (2010), EDPs / ESDPs / ToTs, Sponsored by the Ministry of MSME, Govt. of India, under the "Scheme of Assistance to Training Institutions" (2010), Programme on Business Plan Preparation, Sponsored by Uttarakhand Livelihoods Improvement Project for the Himalayas (ULIPH), Govt. of Uttarakhand (2010), Entrepreneurship Development Programmes (EDPs), Sponsored by State Bank of India, Mumbai (2010), EDP for First Generation Entrepreneurs, APSFC, Govt. of Andhra Pradesh (2011), Revitalisation of District Industries Centres (DICs) (2012), Training Programme on Stores Management, Sponsored by Andhra Pradesh Beverages Corporation Ltd (APBCL), Govt. of AP (2012), Workshop on Implementation of the Schemes of M/o FPI for the Officials of the Dept. of Industries and KVIB, Govt. of AP (2012), Training Programmes for Officers of KVIC (2012), Project Identification, Preparation of Project Profiles and Project Appraisal, Sponsored by the Directorate of Micro & Small Scale Enterprises, Govt. of West Bengal (2013), Training Programmes on Business Development Plan for Micro and Small Enterprises, Sponsored by Directorate of Industries and Commerce, Govt. of Kerala (2013), Contemporary Human Resources Management Practices, Sponsored by Dept. of Public Enterprises, Govt. of Karnataka (2013), Specialised Skill Up-gradation Training Programmes for A.P.
