

ni-msme – the premier Institute

ni-msme, the pioneer institute in the field of MSME is playing a major role in providing pro-business environment to foster the progress of MSME towards success and prosperity. The raison d'être of this Institute is to assist the Government in formulating policies for Micro, Small and Medium Enterprises and to help the practicing potential entrepreneurs and Government officials through a host of services like training, research, consultancy, information, education and extension.

Set up in 1962, ni-msme has made valuable contributions by creating an impressive record of achievements beyond the Indian shores, enabling different developing countries to get the benefit of the Institute's expertise. Located in a sprawling and enthralling campus amidst a rich natural setting, ni-msme is well equipped with both physical and academic infrastructure. In keeping with the changing times and technological changes, the Institute has updated its style of functioning by focusing on the use of IT in every aspect of its activities, but at the same time retaining the wisdom and advantages of deeply ingrained traditional practices.

The core activities are being implemented through four Schools of Excellence, viz., School of Enterprise Development (SED), School of Enterprise Management (SEM), School of Entrepreneurship & Extension (SEE) and School of Enterprise Information & Communication (SEIC) as well as theme focused Centres like National Resource Centre for Cluster Development (NRCD), Intellectual property Facilitation Centre (IPFC), Resource Centre for Traditional Paintings (RCTP) and Goods & Services Tax Centre (GSTC).

The Institute stores and supplies information that helps make a successful entrepreneur who is well versed in the intricacies of business and can participate in business activities intelligently and diligently through its Small Enterprises National Documentation Centre (SENDOC) and knowledge portal www.msmeinfo.in. Livelihood Business Incubator (LBI) established in 2016 under the Scheme of ASPIRE of Ministry of MSME for creating a favorable ecosystem for entrepreneurial development in the country.

The Institute has trained 4, 62,393 participants by organizing 14,034 programmes which includes prospective/existing entrepreneurs and officials from various Ministries of Govt. of India and State Governments till 2015-16. The Institute is implementing ITEC Scheme of Ministry of External Affairs, Govt. of India since 1967 and trained 9,450 International Executives from 142 developing countries. The Institute has also undertaken 909 research and consultancy projects.

In the international arena too ni-msme has been offering its services to many of the world's best-known organisations. The first international programme was conducted in 1967 with assistance from UNIDO. One day Workshop on
Skill Development and Livelihood
opportunities for Youth and Micro Enterprises
(16 November 2018)

INTRODUCTION

- Nearly the last two decades has been a difficult phase for the Indian subcontinent. One of the disappointing observable facts that had gained critical attention is the emergence of urban crisis. It can clearly be visualized by the proliferation of slums which has almost become a symbol of urban poverty. Most of the urban poor are involved in informal sector activities where there is a constant threat of eviction, removal, confiscation of goods and almost non-existent social security cover. Even when segments of the urban population are not income-poor, their well-being is hampered by discrimination, social exclusion, crime and violence, insecurity of tenure, hazardous environmental conditions and lack of voice in governance.
- There seems a wide need of strengthening and activating the **urban informal** provision and improved income can foster **sustainable economic and social development** in-order to upgrade the **livelihood** of the urban poor by poverty reduction. At individual level, access to vocational education and training of specified standards and quality and with strong market linkages could raise people's earning potential and improve their **livelihood**.
- The proposed Training** aims and designed to discuss various key elements concerning the skills and livelihood development and implementation of various programmes at National and State levels. This will help participants to get conceptual exposure to the current running programs along with other government and non-governmental initiatives that support skill development of the urban poor and thus to have access to employment opportunities opened up by the market or undertake self-employment.
