ni-msme celebrated the 74th Independence Day of India on 15th August 2020, at its campus, with the usual fervour of joy and dedication.

On the 15th of August, 1947 the Nation of Bharat achieved freedom from the British rulers, who were then governing the country. Since then, every year, all across the country in every nook and corner and street, all small and big establishments and community groups celebrate the instance of 15th August.

At the Institute campus, all the employees assembled by the flag post in front of the New Training Building at 8.50 a.m. The Director General hoisted the flag and addressed the assemblage. She spoke about the importance of the occasion, activities of ni-msme during lockdown and gave a call for hard work to achieve the targets.

Cultural programmes were conducted in expression of joy on the occasion. All those present took part in the agenda in a jovial spirit.

Freedom is the most precious felicity and facility, for individuals as well as institutions and nations. It needs to be protected with assiduous care and attention, for there are always invisible forces abroad to crush it and subjugate it.
ni-msme had conducted the Dual Certification Programme on Product Promotion & Packaging, in collaboration with Indian Institute of Packaging (IIP), Hyderabad, from 10th to 14th August 2020. The training was conducted online. A total of 13 participants from all over India participated in the 5-day training. The inputs were disseminated by renowned faculty of both ni-msme and IIP. Mr. Sandeep Bhatnagar, Director (M & BD), ni-msme was the Programme Director.

ni-msme has given an opportunity for aspiring entrepreneurs to give shape to their business ideas during COVID-19, by utilising the infrastructure and machinery available at Livelihood Business Incubator (LBI).

Dr. Tanweer Alam, Director, IIP inaugurated the programme. Ms. S. Glory Swarupa, Director General, ni-msme, were present through the inaugural ceremony.

The certification programme was designed to equip and strengthen the marketing and promotion efforts of MSMEs by acquainting them with the latest available packaging technologies, e-marketing of products in COVID-19 era and testing of packaging materials.

The objective was to discuss the implementation of the scheme from the year 2017-18 onwards, with sub-line objectives for promoting industrialisation and entrepreneurship among scheduled tribes at primary level and economic growth of the state at the larger level through financial inclusion of the under-served sections. This is in consonance with the GoI declaration of 2010-20 as the Decade of Innovation and the Telangana state's vision of promoting industrialisation and entrepreneurship among the scheduled tribes. The outcome of the effort is firmly grounded in a platform that empowers tribal youth of the state with technical competency and business skills that lead to creating a sustainable model of entrepreneurship.

Mr. J. Koteswara Rao, AFM-SED attended the meet on behalf of ni-msme, nominated by the Director General. He participated in the selection of proposals, appraisal/revision/re-submission for their consideration for sanction of the financial assistance under CMSTEI.

Ms. Shibangi utilised the baking technology facility, whereas Ms. Madhavi, Ms. Sunitha and Ms. Dhana Lakshmi made use of the fashion technology machinery. The Director General visited the LBI and interacted with the women entrepreneurs on 14th August 2020.
Almost a century ago, at a time when Indian markets were being dominated by British-made goods, an Indian entrepreneur rose to take a bold step against it. Although his name is lost in the annals of history today, he was one of the few pioneers of the Swadeshi movement who stood up to threaten the colonial hold on Indian economy, with home-grown Swadeshi products. A revolutionary, a chemist, an entrepreneur and a mentor, this man was behind the research, development and marketing of one of the most prominent FMCG (Fast Moving Consumer Goods) products, the Margo soap that today has risen into a popular brand in itself.

The man behind this phenomenal brand was Kolkata based (earlier known as Calcutta) Khagendra Chandra Das. Although owned by Jyothy Laboratories Ltd. today, Margo soap originally was a product invented by an Indian entrepreneur a century ago, under the Calcutta Chemical Company. Decades later it changed hands to Henkel India who then sold it to Jyothy Labs in 2011. Despite changing several hands over the decades, Margo continues to be testimony to much more than just clear and blemish-free skin. It has been the undying witness of India's struggle for freedom against the colonial forces and an active participant in the Swadeshi Movement.

Khagendra Chandra Das and Surendra Mohan Bose were an indomitable duo not only became the first Indians to graduate from Stanford University in 1910 with B.Sc. degrees in Chemistry, but were also soon to become the forerunners of the original Make In India movement.

Even though miles away from home, Das continued to be involved in the movement and soon became a part of the California Branch of the Indian Independence league. After graduation, he was finally ready to translate these words into action. Along with Bose, Das set sail for India, only to take a detour to Japan. It was this detour that enlightened their young minds around new technology and its scope in business. Empowered by knowledge and expertise gained in Japan, the duo would then launch their ventures — Das in pharmaceuticals and Bose in waterproofing.

Upon his return, Das, with the help of two friends, RN Sen and BN Maitra started the Calcutta Chemical Company in 1916. Amid several other means of protest one important tenet of the Swadeshi movement was to economically empower businesses that were made in India and by Indians thus starting a surge of Swadeshi or locally manufactured products all across the country and the boycott of British goods.

While his friend Bose began to manufacture umbrellas and raincoats under the brand name of Duckback, Das decided to expand the company to manufacture toiletries in 1920. His experience in Japan studying pharmaceutical science equipped him to find value in a traditional Indian raw material — neem — that eventually led to the inception of two prominent products — Margo soap and the Neem toothpaste.

Made with India's home grown materials, this product was made affordable, as a means to dismantle the authoritarian monopoly of British-made goods in the market. While he also created a talcum powder named Lavender Dew to cater to a more affluent population, it was Margo soap and the Neem toothpaste that stood the test of time and became a household name not just in India but even abroad.

In order to satisfy the growing demand, the company began to expand its distribution offices across major cities of India, and an additional manufacturing unit was also set up in Tamil Nadu. In a matter of a few years, these products began to be distributed in international markets of several South-East Asian countries.

India-made products like these bolstered the Indian independence movement by not only emotionally but also economically empowering the citizens. People like him had lit the fire of entrepreneurship in India back in the 20th century.

The next many years, Das not only dedicated his life to the development of his company and the Margo brand but also the Swadeshi movement by promoting entrepreneurship amongst the youth. He was known for his dislike for 'service' or clerical jobs and instead encouraged the youth to start something on their own instead of looking for a job. And as support he was allegedly known to not only extend his business expertise and guidance but also provide seed capital to new Swadeshi ventures without asking for a refund, claims this report in conversation with his extended family.

Undoubtedly, Shri Khagendra Chandra Das is a role model to the distressed MSMEs today under Pandemic. During the present troubled times, entrepreneurs to draw inspiration, motivate themselves, make use of the local resources and contribute for the Swadeshi manufacturing. Pleased to announce that ni-msme is organising workshops, webinars and online training programs on new Udyam Registration process and new MSME schemes under Atmanirbhar Bharat. MSMEs, Youth, Institutions and Officials to participate and take best of this online facility.
**Webinar on Importance of Cyber Security**

ni-msme, in association with Aviana Nrit, Bengaluru, had organised an International Webinar on Cyber Security, on 14th August 2020. A total of 48 delegates from different parts of the globe took part in the webinar, coordinated by Mr. Prabhu Kumar (Founder of Aviana Nrit) and Mr. K. Surya Prakash Goud, Faculty of ni-msme.

Ms. S. Glory Swarupa, Director General of ni-msme gave the inaugural address. Technology adoption has always been a major challenge for the MSME sector. MSMEs have adopted business management software for digital banking, payment services, customer relationship management and financial applications. Digital asset protection is the need of the hour for the MSME Sector. Then she welcomed the international speakers.

The panel of speakers consisted of Mr. Suri Anantharama (CTO, Sonline LLC, USA); Mr. Guillaume Caron (CEO, VARS, Canada) and Mr. Maxime Boutin (COO, VARS). They gave wonderful insights into the need for cyber security, challenges posed by Ransomware attacks, provided specific examples, walked through best practices that organisations should follow and finally fielded questions from the audience (virtual). The participation was excellent with attendees from Egypt, Israel, United States and Canada, apart from India.

The web session was very engaging as the speakers explained how data is growing in the digital universe. Suri pointed out that it would hit 175 Zetta Bytes by 2025 and the need for securing our systems, network and applications. Guillaume talked about spear phishing (type of cyber-attack) and gave examples of Shark Tank star (Barbara Corcoran), City of Atlanta, Travelex and how they suffered due to ransomware attacks. Max took a deep dive into different types of Ransomware attacks and explained the attack vectors (phishing email, application vulnerabilities, RDP, VPN, legacy systems) and took a deep dive into ransomware like Cryptolocker, Ryuk, REvil/Sodinokibi, Phobos and WannaCry.

Suri explained the concept of Zero-Day and why it is so dangerous. He showed how the Threat Agents and Hackers probe networks and intrude without notice, download payloads, corrupt backups and finally perform cyber attack after all defenses are removed. Max gave a wonderful Technical walk-through of how Trickbot/Ryuk infects the hosts and the danger it brings. Then, they went on to explain 13 steps to protect and prevent cyber attacks, and it was well received.

Later, the speakers took questions from the global attendees and overall, it was a wonderful, educational and informative session. Cyber Security Awareness Training, Review of Security policies, 3-2-1 Backup strategy are some critical elements to prepare against this unknown enemy. The webinar was concluded with vote of thanks proposed by Mr. Surya Prakash.

**Cluster Report**

**Coconut Cluster, Tirur**

The board meeting of Tirur Coconut Producer Company Ltd. was held on 1st August 2020 at Muttanur, Tirur, Kerala with Mr. Jayakesari, Chairman, Tirur Coconut Producer Company Ltd. Tirur Cluster chairing the event.

The discussions focused on the marketing of VCO and flavoured coconut milk, deposit of IA share, status of the loan applied in Kerala State Financial Corporation, Malappuram, internal and statutory auditing, assembling and final installation of equipment agency’s machines and trial run of the machinery and equipments. Mr. Sunil Kumar, CDE apprised the board of the activities carried out in the cluster till date.

**Wooden Inlay Cluster, Hoshiarpur**

Mr. Amarjit Singh, General Manager, District Industries Centre, Hoshiarpur chaired a meeting conducted regarding the implementation of Hoshiarpur Wooden Inlay Cluster with an outlay of Rs 1.41 crores. The cluster is expected to benefit 150 families spread across 15 villages in the Hoshiarpur district of Punjab.

The discussions devolved on the CLU procedure and the required NOCs for cluster implementation. Mr. Satjog, SPV President, and other members also met Mr. Sunder Sham Arora, Hon’ble Minister, Industry and Commerce, Punjab along with the General Manager, DIC on the 1st of August. They appraised the wooden inlay craft cluster activities.
• Review of SFURTI Clusters

ni-msme is implementing nineteen (19) SFURTI clusters in the States of Andhra Pradesh, Jharkhand, Kerala, Telangana, Maharashtra, and Punjab with the support of State Government organization, Farmer Producer organizations and Artisan societies. The Director General, Ms. S. Glory Swarupa has reviewed the status of cluster interventions on 13th August 2020. The cluster team Mr. K. Surya Prakash Goud, Dr. G.S. Gill, Mr. L. Vijay Kumar, Mr. G. Raj Kumar, and Ms. Rama Devi were present in the meeting. Initially, Mr. K. Surya Prakash Goud, Faculty Member briefed the status of SFURTI clusters.

He informed that the cluster team has been consistently following up with SPV members and implementing agencies to complete interventions as per the time lines. Three clusters in Jharkhand state have contributed SPV amount and the other clusters yet to mobilize funds. However, Technical Agency and Implementing Agency are closely working for mobilization of funds, preparation of machinery specifications and tendering. The civil work in Maharashtra Clusters namely Sus Readymade Garment Cluster, and Sakoli Bamboo Cluster has started and rest of the clusters opened Bank Accounts and executed agreements. Wooden Inlay Cluster, Hoshiarpur, Punjab have requested to provide fund for Soft Interventions and Implementing Agency.

The Director General instructed to speed-up cluster interventions, guide Implementing Agencies, Technical Agencies and Cluster SPV members as per the project demand and initiate CFC tendering process in Maharashtra, and Jharkhand clusters.

The decisions taken in the meeting include:

• Tirur Flavoured Coconut Milk and Virgin Coconut Oil Cluster, Kerala and Bhatinda Honey Processing Cluster, Punjab have to complete trial runs by 25th August 2020.
• Release of funds towards Raw material Bank for Mothkur Ikkat Handloom Cluster
• Pembarthi Metal Ware Cluster, Telangana has to complete installation of machinery by 31st August 2020
• SPV of Ieeza Handloom Cluster, Telangana has agreed to provide land lease documents immediately

• Interaction with Rampur Crafts Artisans

ni-msme is involved in preparation of cluster diagnostic study report of Rampur Patch work craft cluster under One District One Product (ODOP) scheme of Government of Uttar Pradesh. An online meeting was organized on 25th August 2020 with the officials of District Industries Centre and Cluster artisans to validate the cluster information collected by the cluster team and also design strategic action plan for development of the clusters. The cluster teams Mr. K. Surya Prakash Goud, Mr. L. Vijay Kumar and Mr. Raj Kumar have discussed on procurement of raw material, production process, challenges in production and marketing and need for interventions. It was understood that more than 90% of women artisans are working in the cluster and are in the age group of 30-40 years. The cluster products are sold across the country through retail and whole sale units. The artisans expressed that raw material bank, training cum design centre, apart from skilling of artisans for quality and productivity would help the cluster to get more export orders and improve income of the artisans.

• Review of Jharkhand Clusters

ni-msme is implementing SFURTI scheme in seven (7) Clusters in Jharkhand state. The cluster interventions were reviewed by organizing an e-meeting with officials of Technical Agency, Jharkhand Industrial Infrastructure Corporation Ltd (JIIDCO), Implementing Agency, Mukhyamantri Laghu Evam Kutir Udyam Vikas Board and SPV members on 26th August 2020 to understand status of cluster interventions. The e-Meeting was chaired by the Director General, Ms. S. Glory Swarupa. The discussion concentrated on mobilization of SPV contribution, finalization of machinery specifications, approval CFC plan, civil estimations, tendering process, and implementation of soft interventions. Mr. K. Surya Prakash Goud, Faculty Member, Mr. L. Vijay Kumar, Consultant and Mrs. G. Rama Devi, Administrative Assistant were present the meeting. The representatives of Implementing Agency and Technical Agency have explained status of each project. The SPV members mentioned that they are in deep trouble due to COVID-19 and facing challenges in mobilization of SPV contribution from the artisans. They have assured for depositing at least 40% of SPV contribution and speed up the activities of clusters.
Empanelment of New Technical Agencies

The meeting of Project Screening Committee of SFURTI was conducted through online on 27th August 2020 chaired by the Director General, Ms. S. Glory Swarupa. The members of the committee, Mr. H. K. Chari, National Advisor, IL&FS Cluster Development Initiatives Ltd., Mr. R. K. Mehta, Chairman, Rainbow Bamboo Academy, Mr. V. B. S. S. Koteswara Rao, Marketing Expert, Mr. B. N. V. Parthasaradhi, Financial Expert, Mr. P. Laxmi Narasiah, Director, Handloom Weavers Co- Operative Society, Mothkur and officer from IDBI were present in the meeting. Initially, member convener, Mr. K. Surya Prakash Goud welcomed the members and introduced to the Director General, ni-msme and Chairperson of Project Screening Committee. He briefed about present status of SFURTI projects and informed about empanelment of new technical agencies to take up new SFURTI clusters in the States of Karnataka, Bihar, Maharashtra, Odisha, Nagaland and Mizoram.

Later the representatives of proposed Technical Agencies, Suraj Foundation, and Maharashtra Research Development Center of Maharaashtra, KIIT Technology Business Incubator, and Dev next solutions private limited of Odisha and AIC, NITTE Incubation Center of Karnataka have presented profile of their organization, experiences in innovation, entrepreneurship, skill development, cluster development activities, organizational capacity, infrastructure, availability of experts and team deployment etc.

Review of Ieeza Handloom Cluster

A review meeting of Ieeza Handloom Cluster was organized on 28th August 2020 to discuss on completion of SFURTI interventions which was chaired by the Director General, Ms. S. Glory Swarupa. The President and Secretary of cluster SPV, and CDE have attended the meeting. The Director General has advised the cluster members to speed-up the work for procurement of looms and other equipment and also to develop new designs as per the market demand. Further, she has instructed to complete all cluster interventions by end of November 2020. The cluster members have agreed the same. Later, they have discussed on procedure to be followed for procurement and implementation of various capacity building programs including release of fund. Mr. K. Surya Prakash Goud, Faculty Member, Mr. L. Vijay Kumar, Consultant and Mrs. G. Rama Devi, Administrative Assistant were present the meeting.

Interaction with Mothkur SPV members

The Implementing Agency has taken initiative for development of new product range after successful completion of design development workshop in order to provide continuous work for select skilled artisans of Mothkur Ikat Handloom Cluster by utilizing SFURTI funding under Raw Material Bank. The SPV members have visited ni-msme on 29th August 2020 and presented their plan of action to the Director General, Ms S Glory Swarupa. She observed various designs developed during recent workshop and encouraged to continue their efforts to provide continuous work for the weavers. The SPV members thanked Director General for continuous support from ni-msme for successful implementation of the project.
The School of Enterprise Management of ni-msme organised a two-week Entrepreneurship Development Programme for NMDC Officers, in virtual space, during 17th to 31st August 2020. Dr. Dibyendu Choudhury, FM-SEM directed the programme sponsored by the NMDC.

The programme was inaugurated by Ms. S. Glory Swarupa, Director General, ni-msme, while Dr. G.E. Reeta Reddy, DGM-HR, NMDC and Mr. B. Durga Vijay Chand, Sr. Manager, HRD, NMDC welcomed the participants and introduced the programme. The Programme Director emphasised the importance of the programme and has given the overview of it.

The sessions were addressed by internal faculty as well as guest speakers who have domain expertise in related areas. Valuable inputs were given in subjects including Motivation, Time management, Responsibility and accountability of the executive, Customer orientation, Fundamentals of mining, Environment management and sustainability, Boss-subordinate/secretary relationship, Eight habits of effective people, Executive health and stress management, Communication skills, Transactional analysis, IQ, EQ and SQ, Entrepreneurship, Corporate social responsibility, Business environment, etc.

The programme was completed successfully with evaluation of trainees and concluded formally on the 31st, in the presence of Ms. S. Glory Swarupa, Director General, ni-msme; Dr. G.E. Reeta Reddy, DGM-HR, NMDC; Mr. B. Durga Vijay Chand, Sr. Manager, HRD, NMDC; Ms. Soumya, Management Trainee; Ms. T. Padmaja, A.A. and Ms. A. Swaroopa, A.A., ni-msme and all participants on 31st August 2020 around 10.00 am virtually the training programme was concluded and all the participants expressed thanks to ni-msme as well as NMDC and spoke about their further growth in the organisation personally as well as officially it is very connected.

Ms. Glory Swarupa congratulated the participants and appreciated their PPTs suggested her good will towards NMDC and further corporation in upcoming batches. Congratulated Dr. Dibyendu Choudhury, Programme Director and his team staff for making the programme successful.

Ms. Soumya virtually presented the training completion certificates to the participants, while the Programme Director virtually concluded the virtual meeting.

**IPR Moot Court Competition-2020**

Ms. V. Swapna, AFM (SEM) participated as a Jury Member in the IPR Moot Court Competition-2020, held virtually on 7th August 2020. The First Virtual National IPR Moot Court Competition-2020 was organised by I-WIN IP Services, Hyderabad in association with CIPAM-Cell for IPR Promotion and Management, Delhi and in collaboration with the Centre for IPRS and Patent Facilitation Services of Osmania University and University College of Law, Osmania University, Hyderabad from 7th to 9th August 2020.

Moot Courts are quite common to law students, however, with the intent of imparting intellectual property training to engineering and science students too and make law students work with them in the field of IPR. This moot court has, for the first time, involved the participation of engineering and science students along with law students. Since it is the era of virtual courts and digital evidence, it is absolutely essential for students to equip and skill themselves in dealing with virtual court-rooms. With this idea, the Moot Court Competition was completely conducted on Zoom Platform virtually. About 40 judges from various law firms and academic institutions across the country participated as judges. School of Law, Christ (Deemed to be University), Bengaluru have been adjudged as the winners of the National IPR Moot Court Competition – 2020 held from 7th to 9th August 2020. Symbiosis Law School Hyderabad is adjudged as the second best team. Pendekanti Law College received the Best Memorial Award. Additionally, School of Law, Christ (Deemed to be University), Bengaluru M. Sriniidhi was awarded the Best Female Speaker and Mr. Aaron Alvares was awarded the Best Male Speaker of the competition.

The speakers received immense appreciation from Mr. Justice Manmohan Singh, Retired Judge of the Delhi High Court and the current chairperson of the Intellectual Property Appellate Board.
• **Online Training on GST & GeM**

The GST cell of ni-msme had organised a three-day online training programme on GST and GeM, during 3rd to 5th August 2020. Participants from different occupational streams including government officials, entrepreneurs, tax consultants, accountants and ni-msme’s administration and accounts staff participated in the training. The programme was directed by Dr. E. Vijaya, Faculty Member (SEM), ni-msme. The main objective of the programme was to equip the trainees with practical knowledge about GST law and tax compliances so that they can assist enterprises and individuals to file returns under the new law and also to create awareness on public procurement and registration in the Government e-market places (GeM).

The training mainly focused on imparting knowledge about the GST law, input tax credit, practical understanding of registration process, invoicing, RCM, return filing, payments and refunds under GST and also public procurement policy, registration, procurement and payment process under the GeM. The sessions were addressed by ni-msme faculty, GST and GeM experts and officials from GST department and also tally experts.

During the valedictory session, the Director General of ni-msme congratulated the participants on successful completion of their training and suggested that the participants send their feedback post-implementation of GeM & GST tax compliance in their organisations. Expressing their views about the programme, the participants said that the programme was very useful and informative. The participants also appreciated the faculty, ni-msme and the guest speakers and rated the programme as Very Good.

• **Sadbhavana Diwas Observed**

ni-msme has observed the Sadbhavana Diwas at the campus on 20th August 2020. The birth anniversary of the former Prime Minister Late Shri Rajiv Gandhi is commemorated as the Sadbhavana Diwas every year.

All the officers/staff and consultants of ni-msme family had taken the pledge at their own respective seat, at 11.00 a.m.
The training mainly focused on imparting knowledge about the Government e-markets (GeM). The programme was directed by Dr. E. Vijaya, Faculty Member (SEM), and was to equip the trainees with practical knowledge about GST law, input tax credit, and public procurement policy, registration, procurement process, invoicing, RCM, return filing, payments and refunds under GST, and also to create awareness on public procurement and registration in the individual to file returns under the new law and also to create tax compliances so that they can assist enterprises and organisations. Expressing their views about the programme, the participants said that the programme was very useful and informative. The participants also appreciated the faculty, GST and GeM experts and officials from GST and the guest speakers and rated the programme as Very Informative. The Director General of ni-msme congratulated the participants on successful completion of their training and suggested that the participants send their feedback on the programme. During the valedictory session, the Director General of ni-msme, Mr. Santhosh Sudhan, Managing Director, while Mr. Santhosh Sudhan, Managing Director, congratulated the participants on successful completion of their training and suggested that the participants send their feedback on the programme.

ni-msme signed a Memorandum of Understanding (MoU) with the NCFSE National Fire & Safety Management Pvt. Ltd. (NCFSE), on 21st August 2020. NCFSE is a pioneer in fire and safety education in the country. It was established in the year 2014, with zonal office at Zirakpur, Punjab and regional offices in several states. NCFSE is led by experts in the field of fire and safety education. The signing ceremony was held at the DG’s office, ni-msme. Ms. S. Glory Swarupa, Director General signed on behalf of ni-msme, while Mr. Santhosh Sudhan, Managing Director signed on behalf of NCFSE.

The objective of the MoU is to provide employment opportunities for the unemployed youth by imparting skills and knowledge as per Qualification Packs (QP) and Job Roles of NSDC.

ni-msme is collaborating with NCFSE for conducting short/long duration skill programmes in the area of Fire and Industrial Safety, Digital Marketing and e-commerce, Nursery Teacher Training, Early Childhood Care and Education, Nanny and Yoga Teacher Training throughout India. The project will be coordinated by Mr. Sandeep Bhatnagar (M & BD), ni-msme.
Visitors' Gallery

Mr. Narra Ravi Kumar, Padma Shri Awardee-2014 and the National Working President of the Dalit Indian Chamber of Commerce & Industry (DICCI) called on Ms. S. Glory Swarupa, Director General on 11th August 2020. Their discussions explored the possibilities of working together in the domains of common interest.

Mr. Prabhu H.S., Principal Director, Central Institute of Tool Design (CITD), Hyderabad visited ni-msme on the 21st August 2020. Dr. Sharath Kumar, Dy. Director and Mr. Sugnyan, Training Officer accompanied him. The aim of the visit was to understand the modalities of online training and implications of Learning Management Software (LMS) and the possibility of undertaking collaborative projects in the new dimension of training mode post COVID-19 era.
