ni-msme is a pioneering and frontline Institute that seeks to strengthen the MSMEs and highlight their contribution. Its professional services to MSMEs include Training, Research, Action Research, Consultancy, Advocacy, Outreach programmes and Handholding. The MSMEs have the potential for game-changing initiatives in different sectors of Industrial Development, Growth and Sustainability. However, the MSMEs are currently confronted with major challenges of performance and survival in the context of the COVID-19 pandemic and its adverse consequences.

ni-msme has converted all its functions to information technology mode in order to keep pace with the tenor of the times, and to make its services more efficient. State-of-the-art facilities, pleasant environs, proven methodologies supported by modern academic infrastructure, experienced faculty, expert consultants and resource persons and, above all, decades of experience complemented by modern and creative outlook, have given a new definition to the standard of services provided by the Institute. It is recognised as one among the best training, research and extension facilities in the world.

Located in the heart of the city with a congenial learning environment, the Institute houses spacious and ultra-modern air-conditioned classrooms and conference halls with sophisticated instructional and functional gadgets, computers with specific software for cutting edge IT courses, advanced laptops and other instructional tools that make learning at ni-msme a valuable experience. The lecture rooms are of different capacities which offer a cosy and convenient choice both for small groups and moderately large groups. The Mini Conference Hall will take care of the needs of large groups. The auditorium with its huge capacity is best suited for holding conferences and seminars. The Documentation Centre has a massive collection of Books and Journals with an inter-library loan facility.

ni-msme has made many valuable contributions to enterprise development both nationally and internationally. Further, MSMEs and executives from all over the world have been deriving the benefit of Indian experience through the programmes, workshops and seminars on contemporary themes organised at ni-msme.

The Institute is keen on introducing a series of strategies for strengthening/reviving the MSMEs. Therefore, the contribution of MSME experts is sought for revitalising the MSME sector as a whole. A large number of MSMEs are contributing significantly to the GDP even while providing a wide range of opportunities for self and wage employment. State wise and Sector specific Training and Research Projects are planned in the next few years. It is in this context ni-msme is looking for retired professionals in the following areas representing varied sectors of MSME.

Interested and competent retired Sectoral Experts with relevant experience in different sectors, as outlined, are requested to apply online using the link provided in the next page.
