International Conference on Industrial and Hazardous Waste Management in SME’s (IHWMS) 17-19 February 2021
(Sponsored under International Co-operation (IC) Scheme, Ministry of MSME, Govt. of India)

CALL FOR PAPERS
The “IHWMS 2021” is intended to develop a plan of action and regional network on the topic as it serves as a perfect venue for practitioners, environmental engineers, researchers, students, academicians, industry managers and decision makers, policy makers, national and international NGO’s and interested citizens, from all over the world to explore the opportunities to achieve sustainable development.

This IHWMS 2021 is expected to provide an excellent opportunity for university researchers and industry representatives as well as policy makers to review and discuss the existing trends and practices in industrial hazardous waste management, recycling options, waste to wealth projects, energy generation and sustainable environmental management technologies. National Institute for Micro, Small and Medium Enterprises (ni-msme), Hyderabad an organization of Ministry of MSME, Govt. of India, being a premier institution for the promotion and development of the MSME sector announces international conference on Industrial Hazardous Waste Management in SMEs during 17-19 February, 2021.

The conference proposes to share knowledge and research contributions in the field of Industrial Hazardous Waste Management in SMEs from across the globe on a single platform. It also would promote policy-oriented discussion involving officials and stakeholders, with a focus on waste to wealth projects, Recycling options for SMEs, 3 R’s concepts, and sustainable development for economic growth of SMEs.
